to rsvp please email jennifer havill at jenniferh92@gmail.com

Important Food Service Information For Lyon and Pleasant Ridge

Please review this important food service information which includes the [menu cycle](#) and the [cycle calendar](#).

From the Health Office

Reminder..... State of Illinois Physical form requirement:

The State of Illinois requires all children to present evidence of having had a physical examination, including all required immunizations.

(State of Illinois Code, Chapter 122, Section 27-8)

- A physical examination (no more than one year old) including immunizations (signed by the parent/guardian and a health care provider) is required for students entering kindergarten and again in 6th grade.
- If a student is transferring into District 34 for the first time, he or she is also required to provide a copy of a State of Illinois physical exam including immunizations (signed by parent/guardian and a health care provider).

Medication at School

If your child needs to take any medication at school during the school day, either prescription or over-the-counter medicine, doctor approval must be on file in the Health Office at school. Forms can be found on the District 34 website on our [frequently used forms page](#). There will be no exceptions to this policy. At no time should a student be given medication to carry to school in their backpack or pocket. Further information can be obtained by calling the Health Office phone number at (847)657-2894. The parents of students who require the use of an inhaler due to an asthmatic condition must contact the school Health Office.

Student Absence

If your child will be absent from school, please call the Health Office phone number at (847)657-2894. You can call this number after hours and leave a message at any time. Leave your child's name, the teacher's name, reason for the absence and expected number of days they may be out of school.
